

COWDEN SUPPORT PROGRAM

– 14 PRODUCTS USED & PRIMARY FUNCTIONS –

BANDEROL Microbial Defense: energetically-imprinted*, anti-inflammatory, broad-spectrum antiviral, antibacterial, antifungal, and antiparasitic (both protozoa and worms) herbal tincture; also effective against *Borrelia burgdorferi*, other *Borrelia* species and Lyme co-infections.

BURBUR Detox: an energetically-imprinted* herbal tincture that aids detoxification of man-made toxins and biotoxins from the liver, kidneys, lymphatic system and interstitial space (the space between the cells).

CUMANDA Microbial Defense: energetically-imprinted*, anti-inflammatory, broad-spectrum antiviral, antibacterial, antifungal, and antiparasitic (both protozoa and worms) herbal tincture; also effective against *Borrelia burgdorferi*, other *Borrelia* species and Lyme co-infections.

ENULA Microbial Defense: anti-inflammatory, broad spectrum antiparasitic (both protozoa and worms) herbal combination tincture with some antibacterial, antifungal and antiviral properties.

HOUTTUYNIA Microbial Defense: energetically-imprinted*, anti-inflammatory, broad spectrum antibacterial, antifungal and antiviral herbal tincture; also effective against most *Borrelia* species and Lyme co-infections.

MAGNESIUM MALATE: a highly absorbable and utilizable form of magnesium which helps to maintain normal cardiovascular, muscle, nerve, bone and other cellular functions.

MORA Microbial Defense: anti-inflammatory, broad spectrum antiparasitic (both protozoa and worms) herbal combination tincture with some antibacterial, antifungal and antiviral properties.

PARSLEY Detox: an energetically-imprinted* herbal tincture that aids detoxification of man-made toxins and biotoxins from the liver, kidneys, lymphatic system and interstitial space (the space between the cells)

PINELLA Brain/Nerve Cleanse: an energetically-imprinted* herbal tincture that eliminates neurotoxins from the brain, spine and peripheral nervous system.

SAMENTO Microbial Defense: energetically-imprinted*, immune-system modulator, anti-inflammatory, broad-spectrum, antibacterial herbal tincture effective against *Borrelia burgdorferi* and the co-infections.

SERRAPEPTASE: an enzyme derived from the serratia bacteria in the gut of silk worms; this enzyme digests fibrin covering over and hiding microbes in the body, digests fibrin attached to the capillary wall (thus improving oxygen transport into the tissues) and aids in the digestion of microbial biofilm.

SPARGA Sulphur Detox: an asparagus herbal tincture that has been energetically-imprinted* for the purpose of detoxifying the body from sulfa antibiotics and other sulfa drugs which can block the detoxification pathways.

ZEOLITE: a negatively-charged, volcanic clay that binds heavy metals and other positively-charged toxins in the gut and carries them into the toilet; this clay has been imprinted with energies* designed to cause the tissues to release nickel, lead, aluminum and barium.

ZEOLITE HP: a negatively-charged, volcanic clay that binds heavy metals and other positively-charged toxins in the gut and carries them into the toilet; this clay has been imprinted with energies* designed to cause the tissues to release all heavy metals and various radioactive substances.

**These products have been energetically imprinted with a proprietary process using a scalar generator for the purpose of enhancing the effectiveness of the natural chemicals in each product.*
